

Minutes
Event Safety Working Group
Saturday, 22 July 2023
Marriott D/FW Westlake

Chairperson:

Dr. Donald Cooper; Event Safety Alliance; P; G

Recording secretaries:

Richard Nix and Karl Ruling (ESTA)

Attendees:

Steven A. Adelman; Adelman Law Group, PLLC; P; G
Jane Harrington, ARM; The Hartford Group; P; INS
Daniel Ayers; StageRight Services LLC; P; DE
Alyxzander Bear; Insomniac; P; EVP
Doug Bruce; Doug Bruce Productions, LLC; P; DE
Ethan W Gilson; Entertainment Rigging Services, LLC; P; DE
Joe Golden; Gallagher Staging & Productions; P; DE
Jerry Gorrell; Theatre Safety Programs; P; G
Erin Grabe; Yvonne's Dance Academy; P; DE
Randell Greenlee; VPLT; P; G
Jochen Habsch; Jochen Habsch; I; EW
Robert Haycock; Robert Haycock; I; EW
Dominic Housiaux; Lankey & Limey, LTD; P; EVP
Neil Huff; Taylor & Taylor Insurance Brokers; P; INS
Bryan Huneycutt; Halo Solutions; P; EVP
Janine A. Jordan; Electronic Music Alliance; P; G
Edwin S. Kramer; 1501; O; EW
Manny Marquez; Nightlife Security Consultants, LLC; P; G
Janine Ashley Oblak; CITT/ICTS; P; G
Marco Robles; I.A.T.S.E. Local 80; P; EW
Chris Schmidt; Freeman Companies; P; DR
Janet Sellery; Event Safety Alliance Canada; P; G
Keith Sklar; Actors' Equity Association; P; PA
Stewart Stephens; S2 Technologies; P; DE
Stephen Vanciel; Stephen Vanciel; I; DE
Mike Weston; Encore Global; A; EVP
Nathan Wilkinson; Actors' Equity Association; A; PA
Allen Winzler; Entertainment and Rigging Engineering; P; DE

Visitors:

Dietmar Rottinghaus; Neutrik AG

1 Opening Remarks

Don Cooper called the meeting to order at 14:07. He thanked everyone for all of their hard work in all of the standards we have in progress. He was reminded of a movie called Planet 9 from Outer Space, directed by Edward Junior, and often described as the worst movie ever made. In the US it has become a very popular cult classic, yet it reminds us that even the worst things can have a humorous and positive outcome. He drew a comparison between it and his position as working group leader, saying that there is hope, and everyone's hard work on these standards is greatly appreciated!

2 Patent and anti-trust statements

2.1 Reading of the anti-trust statement

Don Cooper read the following statement aloud to the assembly:

ESTA and its members take seriously their obligation to comply with all applicable antitrust laws. Therefore, during this meeting and during all ESTA events, all discussions will be limited to those subjects that are permitted by the antitrust laws. All members should refrain from any discussion or mention of competitively sensitive subjects such as the current or future prices charged for any member product or services, current or future marketing plans or strategies, and current or future costs, including employee salaries. There also must be no agreement on the suppliers or customers that members will or will not do business with or the markets in

which members will conduct business.

Violations of the antitrust laws can have serious consequences. If you have any questions or concerns about anything that is discussed at an ESTA meeting, please bring your concern to ESTA management. An easy to read pamphlet describing the antitrust laws is available from the ESTA staff.

Richard Nix held up the pamphlet. Don Cooper said it would be nice to produce an airline-style video of these required readings. He would like to do that for ESTA.

2.2 Reading of the call for patents

Don Cooper read the following statement aloud to the assembly:

ESTA intends not to publish any standard that contains protected intellectual property, unless that information can be licensed by anyone for a reasonable fee. ESTA uses a process of open patent and copyright disclosures to implement its intent. ESTA does not conduct patent or copyright searches and does not warrant that its standards contain no protected intellectual property.

In keeping with the open disclosures policy, I ask if anyone present wishes to notify this working group of the existence of a patent, patent application, copyright, or other protected intellectual property that might protect material in a standard being developed by this working group. You need not be the holder of the patent or copyright to notify this working group of its existence.

Nothing was revealed.

3 Attendance and Membership

3.1 Requirements for membership

Don Cooper read the following statement aloud to the assembly:

Membership is open to all parties who are affected by the work of the group; membership in ESTA is not a requirement, but there is a \$100/person/year participation fee to help fund the costs of running the Technical Standards Program. Voting members are required to attend meetings and vote on letter ballots. Any principal member and alternate that both miss three consecutive meetings or that miss three consecutive letter ballots will have their membership status changed to observer. This action will be taken at the beginning of the first meeting after such inaction and will be recorded in the minutes of that meeting.

3.2 Determination of a quorum

There are now 41 voting members, so a quorum is 14; a supermajority is 22.

Richard Nix confirmed that both requirements had been met.

3.3 Processing of new membership and status change requests

The following applications or status change requests have been received:

*Peter Tarlow; Tourism & More and the World Tourism Network; P; G [new application - applied as Individual but represents companies] – not present, approved as Observer
Bob Berlin; Phoenix (city of), Parks and Recreation Department; O; EP (new application) - approved
Jasmine Freeman; Las Vegas (city of); P; EVP (new application) – not present, approved as Observer
Jochen Habsch; Jochen Habsch; I; EW (new application) - approved*

Erin Grabe moved to approve the applications as submitted, with the exception that those applying for voting status and not present at today's meeting be approved as Observers. The motion was seconded and carried without objection or abstentions.

Steve Adelman identified Peter Tarlow, Bob Berlin, and Jasmine Freeman as people working with him on the parade safety standard.

3.4 Changes to observer status

3.4.1 Changes due to attendance

The following voting members have missed two consecutive meetings. Their voting status will be changed to that of Observer if they are not present at today's meeting.

Dan Louis, PE; Dan Louis, PE
 Rebecca Wilusz; Duke University Athletics
 Allen Winzler; Entertainment and Rigging Engineering
 Ethan Gilson; Entertainment Rigging Services, LLC
 Janet Sellery; Event Safety Alliance Canada
 Manny Marquez; Nightlife Security Consultants, LLC

Dan Louis and Rebecca Wilusz were not present, so their status was changed to Observer.

3.4.2 Changes due to missed letter ballots

The following voters have missed two consecutive letter ballots. Their voting status will be changed to that of Observer if the next letter ballot is missed.

There are none.

3.5 Automatic status changes

3.6 Consensus body

The consensus voting body table shown below is current after all actions occurring at this meeting:

Name	Representing	Status	Int Cat
Keith Sklar	Actors' Equity Association	P	PA
Nathan Wilkinson	Actors' Equity Association	A	PA
Steven A. Adelman	Adelman Law Group, PLLC	P	G
Ed Bautista	Bautista Event Specialists Team (BEST)	P	EVP
Mike Aug	Chicken Scratch LLC	I	EVP

Voting status key: P = Principal voter, A = Alternate voter, I = Individual voter

4 Approval of the minutes from the last meeting

[See *ESMin04-2023_DRAFT.pdf*]

Steve Vanciel moved to approve the minutes. The motion was seconded and carried without objection or abstention.

5 Approval of agenda

Robert Haycock asked to add an agenda item for discussion about NAMM.

Ethan Gilson moved to approve the agenda as amended, it was seconded, and carried without objection or abstention.

6 Old Business

6.1 Task Group reports

6.1.1 BSR ES1.2 – 202x, Event Planning, Management, & Major Incident (Jordan/Bear/Aug)

Janine Jordan (co-leader), Alyxzander Bear (co-leader), Mike Aug (co-leader), Keven Pew, Dan Louis, Bruno Marx, Don Parman, Joe Golden, Dominic Housiaux, Jesse Barnes, Brent Armstrong, Clair Wright, Don Cooper, Richard Nix.

[See *BSR ES1.2 PR1 CmmntResols_DRAFT.pdf* and *BSR_ES1-2_PMI_ES2019-20011r2.pdf*]

The task group has submitted draft PR1 comment resolutions and an updated draft revision for the working group's consideration.

Don Cooper reported, the task group has been meeting, and offers the draft comment resolutions and revised draft standard for consideration. He thanked Robert Haycock and Janet Sellery for their input. Dominic Housiaux moved to approve the comment resolutions. The motion was seconded. There was discussion. Janine Jordan asked for clarification about "ESMP" (Event Safety Management Plan), and wanted to ensure we're not

undermining use of this term in other drafts. Dominic Housiaux said they had removed the reference in the other draft, because it was only used once, so there should be no conflict.

The motion carried without objection or abstentions.

Erin Grabe moved to send the document out for 2nd public review. The motion was seconded and carried without objection or abstention. A BSR8 will be filed, with a public review commencing soon thereafter.

Don Cooper reminded everyone of the importance of public reviews in order to ensure these are the best documents they can be.

6.1.2 ANSI ES1.4 – 2021, Event Safety – Event Fire Safety Requirements (Revise, reaffirm or withdraw before 08 October 2026)

6.1.3 BSR ES1.5 - 202x, Medical Preparedness

Dominic Housiaux (co-leader), Robert Haycock (co-leader), Sandy Gilzow, Neil Huff, Dan Ayers, Diane Mack, Janine Jordan, Don Cooper, Christian Buschhoff, Marco Robles, and Jochen Habsch.

[See BSR ES1.5_PR2 CmmntResols_Draft.pdf and BSR_ES1-5_Medical_ES2021-20010r3.pdf]

The task group has submitted draft PR2 comment resolutions and an updated draft revision for the working group's consideration.

Dominic Housiaux thanked all who had contributed to this latest round of comments, resolutions, and draft revision. He also thanked Richard Nix for his help with Table of Contents, and with help addressing comments that contained no actionable items. He asked for Jochen Habsch's email address to be added to the task group reflector. Richard Nix said he will make it so.

Dominic Housiaux moved to accept the draft comment resolutions. The motion was seconded. Janet Sellery noted an inaccuracy in E4.20 of the draft standard, in citing workplace legal authority in Canada. Dominic said this is not part of the comment resolutions, and it's an explanatory note in any case. The motion carried.

Dominic then asked to revise E4.20 as previously suggested by Janet Sellery. The draft was revised to more accurately reflect the diversity of legal authorities in Canada. Dominic Housiaux moved to send the revised draft out to another public review. The motion was seconded and carried without objection or abstentions. A BSR8 will be filed, with a public review commencing soon thereafter.

6.1.4 BSR ES1.6 – 202x, Communications (Hernandez)

Danielle Hernandez (Co-leader) Alyxzander Bear, Dominic Housiaux, Janine Jordan, Richard Nix, Don Cooper, Janet Sellery (Co-leader), Claire Wright, Tami Richter, and Doug Bruce.

Any news or action?

Janet Sellery reported. They've been meeting and will try to have something ready by the October meeting.

6.1.5 ANSI ES1.7 – 2021, Event Safety – Weather Preparedness (Reaffirm, revise or withdraw before 08 March 2026)

6.1.6 BSR ES1.8 – 202x, Venue and site design (Bear)

Alyxzander Bear (Leader), Kevin Pew, Dan Louis, Frank Baird, Mike Aug, Bruno Marx, Don Parman, Joe Golden, Dominic Housiaux, Richard Nix, Don Cooper, and Doug Bruce

Any news or action?

Alyxander Bear said that they have a draft that is undergoing a final polishing of its text, so they've asked for Don Cooper's help. He thinks it is basically complete, but they want to be sure the structure and format, etc is consistent. He thinks it might be ready for working group review soon.

6.1.7 ANSI ES1.9 - 2020, Crowd Management (Reaffirm, revise or withdraw before 06 July 2025)

6.1.8 BSR ES1.17 - 202x, Electrical safety and lighting (Haycock, Housiaux)

Dominic Housiaux (Co-leader), Robert Haycock (Co-leader), Don Earl, George Long, Don Parman, Tim Hansen,

Any news or updates?

Dominic Housiaux said they are close to having comments resolved, and a draft revision complete. He said there was a comment that noted the word “Standard” in the foreword, noting also that the title makes no such indication. Erin Grabe said the title does sound vague. Richard Nix said that ANSI makes no distinction between standards, recommended practices, or guidelines in titles. If the document completes an ANSI accredited standards development process, it’s considered a standard. Don Cooper added that, in any case, the guidance is directed by the normative words used – e.g. should, shall, must, may. Karl Ruling said it’s important to follow whatever the document says to do, even if the document says it gives recommendations.

6.1.9 ANSI ES1.18 – 2022, Event Safety – Rigging (Reaffirm, revise or withdraw by 20 December 2027)

6.1.10 ANSI ES1.19 - 2020, Safety Requirements for Special Event Structures (Reaffirm, revise or withdraw before 02 June 2025)

6.1.11 BSR ES1.40 – 202x, Event Safety – Event Security (Huff, Adelman)

Neil Huff (co-leader), Steve Adelman (co-leader) Christian Buschoff, Alyxzander Bear, Kurt Miner, Dominic Housiaux, Steve Serafin, Danielle Hernandez, Janine Jordan, Diane Mack, Don Cooper, Sean Spence; Allen Ostroy, KJ Magaziner, Jamil Kamal, Anthony Davis, David Ellis, Manny Marquez, Angie Chamberlain

The public review ended on 27 June 2023. No comments were received, and the comment summary was distributed with the meeting documents. Anticipate a motion to approve as an ANS.

Neil Huff deferred to Steve Adelman saying that he has done a great job in shepherding the project. Steve Adelman thanked everyone involved, saying it’s a very important document.

Steve Adelman moved to approve the draft as an ANS, with the title of “*Event Safety – Event Security*”. The motion was seconded, and will be decided by letter ballot.

6.1.12 BSR ES1.41 – Drones

It’s hovering on the agenda.

Any news or updates?

Richard Nix mentioned a new effort in the EU that will cover indoor drone use. Randall Greenlee said there is a new CEN project covering this topic. He said a committee is in place, and a working group will be formed; there is only a basic idea of a structure in place, but they are just getting started. Dietmar Rottinghaus said he only knows that it is a complex problem, Randell agreed, because there are so many different stakeholders.

Don Cooper suggested that it may be best to observe what’s going on internationally, to see if there is something to borrow from. Alyxzander Bear said one major issue here in the US is that there are so many different jurisdictions, so it’s hard to develop consistent standards. He also mentioned there are no standards or regulations for cable supported cameras.

6.1.13 BSR ES1.42, Event Safety -- Parade Safety

The TSC approved the project, the PINS filing was completed. The Chairperson needs to appoint task group leaders and other members.

Any other news or action?

Don Cooper appointed Steve Adelman as the task group leader, and asked him to send a list of people he thinks would participate.

7 New business

Mike Weston asked about material handling, and if this working group would be the right place to bring the subject. He has seen a lot of injuries due to material handling – e.g. forklifts, stacking truss, etc. Ethan Gilson said that this topic has come before this group before. He would support it. Dominic Housiaux said he would also support this. Bryan Huneycutt said he thinks this is a modification of application of practice, not development of a new practice or standard.

There was a lot of discussion in favor of the topic. Robert Haycock said that most of the injuries at his current workplace (San Francisco Opera) are material handling injuries.

Steve Vanciel said that at his IATSE local, Local 836, in Orlando, a worker died when a load fell over and crushed him.

Bryan Huneycutt asked if this would also be a good opportunity to collaborate with ETCP resources.

Jane Harrington said she thinks this would not be a standard per se, but rather a compilation of training materials. Janet Sellery said she also thinks it's a good topic, not as a standard, but as a resource list compilation. Training material is best, in her opinion.

Jerry Gorrell said that the problem with material handling is not skills and available resources, but rather is training, site management, and hazard evaluation. He thinks trying to write a new standard for material handling is a futile effort. He thinks writing an article about it has more value to the people who are seeking advice and guidance. He noted that the single most cited OSHA violation is failure to have a competent person onsite.

Mike Weston volunteered to lead an ad hoc task group to discover the best path forward with this idea to reduce injuries and improve safety with respect to material handling in the event industry. Possible directions include gathering training resources, writing a new standard, and writing an informal guideline. Dominic Housiaux, Robert Haycock, and Steve Vanciel all volunteered to assist. Anyone else interested should contact Mike Weston directly.

8 Other business and announcements

8.1 NAMM education tracks

Robert Haycock said that he is coordinating the Health & Safety session topics for NAMM, and asked anyone with ideas or interest to reach out to him.

8.2 2023 Event Safety Summit

The 2023 Event Safety Summit: New Frontiers will be held 07-09 November, at Music Hall in Houston, TX.

8.3 Above & Beyond Awards

Attendees were reminded that information about the Above & Beyond Awards may be found at http://tsp.esta.org/tsp/news/award_recipients.html. The nomination site is open year round, and the award is designed for members to highlight the work of their peers. The deadline for nominations is 01 November 2023.

Two awards were presented, one each Dominic Housiaux and Chris Schmidt. Don Cooper read the nomination statement submitted by Brent Armstrong in support of Chris Schmidt's award:

I was overwhelming impressed with Chris's vigilance and endurance as we worked on the rigging component of the event safety standard. A consummate and knowledgeable professional that guided as needed and pushed as needed with perfect balance. It was a pleasure to work with him and learn from his experience.

Daniel Ayers read his nomination statement in support of Dominic Housiaux's award:

Working with Dominic has been an honor and a privilege. Dominic brings a perspective to Event Safety which often goes unrecognized. I am nominating him for the leadership he has shown while drafting the Medical and Electrical standards over the past couple years. These standards truly came together because of Dominic's involvement. Dominic recognized the needs, the gaps, and the resources and coordinated with the other members to ensure the needs were met. ESTA needs more individuals like Dominic.

There was applause and congratulations to both recipients. Richard Nix noted that these were 2022 awards, which were held in an attempt to present them in-person.

9 Schedule for future meetings

The meeting schedule may be found at <http://www.esta.org/ESTA/meetings.php> or at esta.org/meetings. Fall 2023 meetings will return to Westlake, TX, during the week of 02 October 2023. The Winter meetings will be held in conjunction with the NAMM Show 2024 in Anaheim, CA during the week of 22 January 2024.

Erin Grabe added that the Spring meetings will be held in conjunction with USITT in Seattle, WA. in March 2024. The Summer meetings will be co-located with NATEAC in Brooklyn, NY 13-15 July 2024, with meetings preceding those dates. The Fall 2024 meetings will probably be back in Westlake.

10 Adjournment

The agenda business being complete, with no further business brought forth, Don Cooper adjourned the meeting at 15:59.

Event Safety Working Group members as of 22 July 2023
