

ESTA's Plugfest returns!

Join the ESTA Control Protocols Plugfest in Westlake, TX July 20 – 23.

THE ESTA CONTROL PROTOCOLS PLUGFEST, the event where manufacturers and developers test their lighting products for network interoperability, is scheduled to take place July 20 – 23 at the Dallas/Fort Worth Marriott Solana in Westlake, TX. Both ESTA and non-ESTA members are welcome to attend the 16th version of this event.

People attend from around the world to pursue improving their customers' product experience.

Plugfest is a unique opportunity to connect your lighting product with those of other manufacturers to test and resolve network compatibility challenges. Attendees bring controllers, intelligent lights, control protocol analyzers, and other network connected components. People attend from around the world to pursue

Plugfest attendees discover, configure, and query lighting products on the test network.

improving their customers' product experience.

The scheduled hours are 9:00 a.m. – 11:00 p.m. Friday through Monday. Members of the *E1.11* (DMX512), *E1.20* (RDM), *E1.31* (sACN), and *E1.33* (RDMnet) task groups who authored the standards will be available to answer questions and help explain our protocols.

This is a chance to take advantage of the knowledge and experience of the Control Protocols Working Group (CPWG), one of the Technical Standards Program's largest working groups. ESTA invites the industry to drop in and experience Plugfest.
