BSR E1.39, *Selection and Use of Personal Fall Arrest Systems on Portable Structures Used in the Entertainment Industry*

First Public Review Response Form

Referenced document: BSR E1.39, *Selection and Use of Personal Fall Arrest Systems on Portable Structures Used in the Entertainment Industry* (Document number Rig/2009-2017r10a)

ANSI Public review period: Begins on 14 August 2026 and ends on 28 September 2026

Question: In your opinion, do you think the requirements of BSR E1.39, *Selection and Use of Personal Fall Arrest Systems on Portable Structures Used in the Entertainment Industry* (Document number Rig/2009-2017r10a) are reasonable, and adequately address the intended subject matter?

Please answer the question using one of the options below. Select “Yes”, “Yes, but…” (provide comments to support your opinion), or “No, with reasons” (the document’s requirements require substantive changes). Note that you are offering your opinion, which is in no way construed as a vote of acceptance or approval.

Yes	○	
Yes, but...	○	Please record your comments in the field provided on the next page
No, with reasons	○	Please explain on the next page why the standard should not be reaffirmed without substantive change, and provide a summary of the changes it requires.

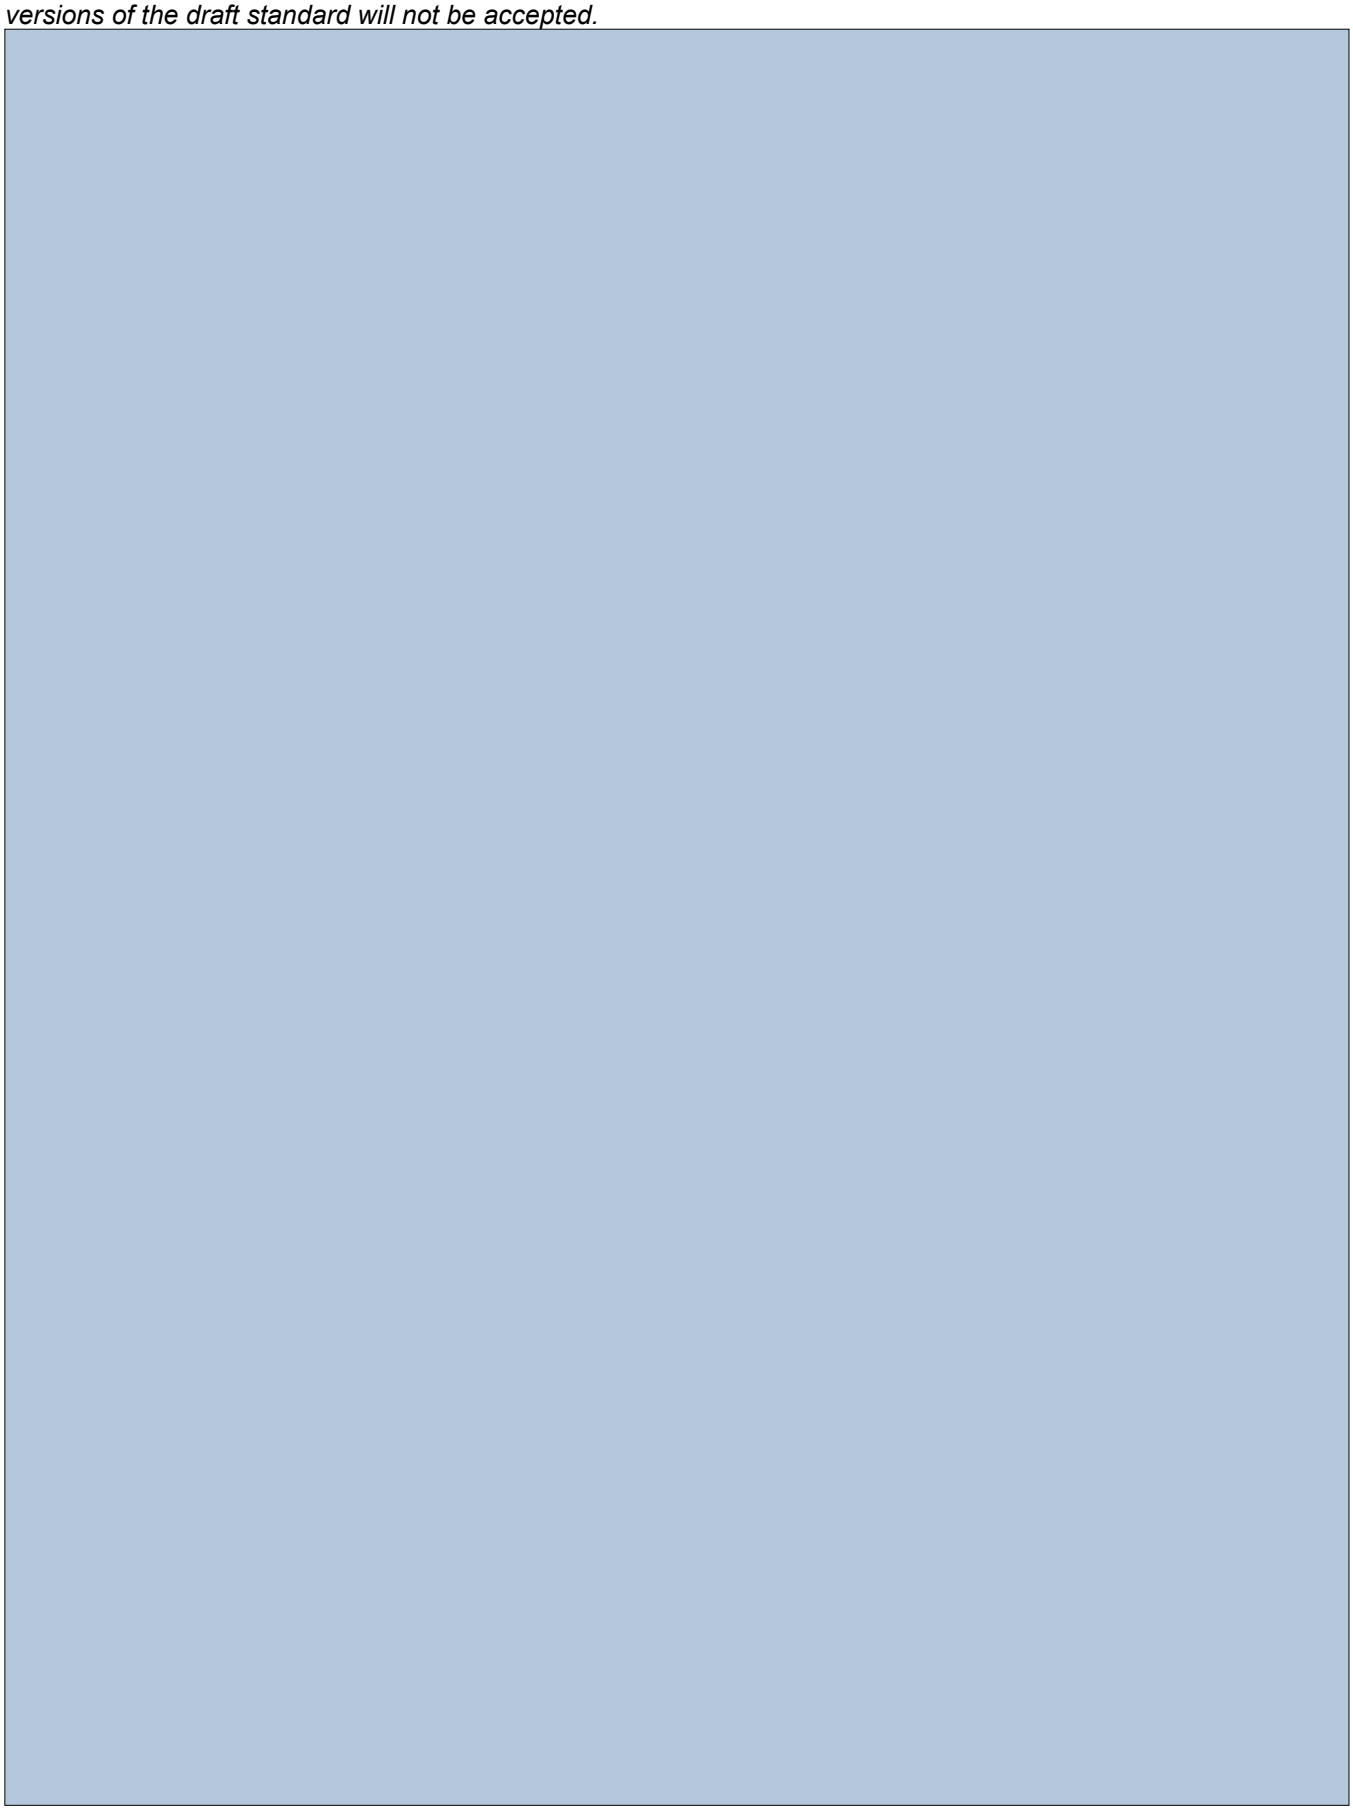
You should receive an acknowledgment from ESTA within 7 days of sending your comments. If you don’t, please inquire.


Please record below any comments or objections to the draft standard. Please be as specific as possible - if you recommend making changes, cite what text needs to change, how it needs to change and why. Do not pose rhetorical questions that require the reader to infer your objection. The committee may decline to make a change to resolve an objection if it cannot determine what change would be needed to satisfy the commenter. *Mark-up versions of the draft standard will not be accepted.*
