

## ESTA Public Review Response Form ANSI E1.15, boom & base assembly standard, reaffirmation

**Referenced document:** ANSI E1.15 - 2006 (R2016), Entertainment Technology - Recommended Practices and Guidelines for the Assembly and Use of Theatrical Boom & Base Assemblies (document Rig/1998-2032r12)

**ANSI public review period:** 30 October through 14 December 2020 (Earlier responses will be accepted. Later responses may not be considered as part of this review.)

**Question:** ANSI E1.15 is being considered for reaffirmation. Do you think the existing standard offers reasonable guidance and therefore should be reaffirmed as an American National Standard? Please indicate your opinion by clicking "Yes," "Yes with comments," or "No with reasons."

**Yes**

**Yes with  
comments**

Please record your comments on the next page in the field provided.

**No with  
reasons**

What is wrong? Please explain on the next page what would need to be changed and how it would need to be changed to earn your unqualified "Yes." Give a justification for the change. If possible, provide text you would like to see in the standard to resolve your concerns.

***I hereby grant ESTA the non-exclusive, royalty-free rights to use my comments, and I understand that I acquire no rights as a joint author in any publication in which my comments are used.***

Please record below any comments or objections to the standard. If you are objecting, please be as specific as possible and cite what text needs to be changed, how, and why. **Do not** offer a question as justification for an objection. Cite text, but **do not** return a marked-up copy of the standard. There may be no resolution to an objection if it is not possible to understand what would eliminate the objection.
