

BSR ES1.6, Event Safety - Communications Public Review Response Form

Referenced document: BSR ES1.6, Event Safety - Communications (document number ES/2021-20022r4)

Public review period: 19 April through 03 June 2024
(Earlier responses will be accepted. Later responses may not be considered as part of this review.)

Question: In your opinion, do you think the requirements of BSR ES1.6, Event Safety - Communications (document number ES/2021-20022r4) are reasonable, and adequately address the intended subject matter and audience?

Please answer the question using one of the options below. Select “Yes”, “Yes, but...” (provide comments to support your opinion), or “No, with reasons” (provide the reasons).

Yes

Yes, but . . . Please record your comments on the next page in the field provided.

No

What is wrong? Please explain on the next page what would need to be changed and how it would need to be changed to earn “Yes.” Give a justification for the change. If possible, please provide text you would like to see in the standard to resolve your concerns.

I hereby grant ESTA the non-exclusive, royalty-free rights to use my comments, and I understand that I acquire no rights as a joint author in any publication in which my comments are used.

Please return the completed Public Review Response Form with comments in an unlocked electronic form, thus enabling them to be copied and pasted into a comment summary document, to:

ESTA Technical Standards Managers
standards@esta.org

You should receive a reply receipt within a week of sending your comments. If you do not, please enquire.

Please also send a copy of the completed Public Review Response Form to:

Secretary
Board of Standards Review
American National Standards Institute
25 West 43rd Street
4th Floor
New York, NY 10036
psa@ansi.org

Please record below any comments or objections to the standard. Please be as specific as possible and cite what text needs to be changed, how it needs to be changed, and why, if you are recommending that we make changes. Do not pose rhetorical questions that require the reader to infer your objection. The committee may make no change to resolve an objection if it cannot determine what change would satisfy the commenter.
