6. Definition of Goal of Working Group

There was a long, free-flowing discussion of what the problems are that need to be addressed, who would be served by addressing these problems, and what the group can do to address them. Ultimately, by consensus it was decided that there are three tasks that need to be done:

1. Development of a user-friendly "Nutrition Label" for luminaires
2. Drafting an explanation of IES Photometric procedure
3. Update LM-46-87 or other IES standards to address modern stage lighting instruments.

7. Appointment of Task Groups

1. Nutrition Label task group: Larry Lieberman (head), Gregg Esakoff, Tom Tyler, Glen Cunningham, Danny Haydt, Rick Loudenburg
2. Explanation of IES photometric procedure as it exists: Bill Klages (head), Anne Valentino, Ron Rykowski
3. Fix IES procedures: Lee Bloch (head), Jody Goode, Jim Grosh, Gregg Esakoff
